

Are you interested in wildlife and the natural environment? Do you enjoy being outdoors and are happy to get your hands dirty? Why not join us?

Econet undertakes a wide range of activities including coppicing, hedgelaying, path clearance, scrub clearance and invasive species control. We organise midweek full day and weekend morning only activities at a variety of sites in the Reading area.

Econet is part of *The Conservation Volunteers* Community Network. All our activities are covered by public liability insurance.

Please come prepared for outdoor work. We will provide gloves, tools and all necessary training.

Details of all tasks and events to be found at www.econetreading.org.uk/programme.
