About Waterloo Meadows

Waterloo Meadows is situated in the Katesgrove area of Reading off Elgar Road alongside the River Kennet and is within a few minutes' walk of the town centre. It consists of grassland including a wildflower meadow with bramble thickets and small areas of woodland. Along the river edge there are alders and willows. In February 2013 a new community orchard was planted at the site.

The '*Friends of*' was formed in 1993 and since 2002 has been part of Econet.
